## EMPLOYMENT

### **ABINGTON EMERGENCY PHYSICIAN ASSOCIATES**

**CHAIRMAN & CHIEF OPERATING OFFICER**  
2014 – PRESENT

AEPA is an independent, single-specialty medical corporation that provides comprehensive emergency and trauma care to a complex and diverse patient population in two emergency departments within the Abington Jefferson Health System. AEPA employs approximately 30 physicians and 35 Advanced Practice Professionals (APPs). Preside over the AEPA Board. Negotiate hospital and third-party payer contracts. Set and track departmental goals and performance incentives. Administer departmental OPPE/FPPE.

### **ABINGTON JEFFERSON HEALTH**

**CHAIRMAN, DEPARTMENT OF EMERGENCY MEDICINE**  
2014 – PRESENT

Oversee the provision of care for over 128,000 patients per annum at Abington's Level II Emergency Trauma Center, and within Lansdale's moderate-sized community emergency department. Manage clinical operations, track performance metrics, and drive departmental flow and throughput. Address patient concerns and lead quality of care improvements. Supervise Joint Commission and societal accreditation reviews. Direct physician and APP recruiting, credentialing, development and retention.

## EXPERIENCE

### **SECOND ALARMER'S RESCUE SQUAD** MEDICAL DIRECTOR

2013 – PRESENT

Provides medical guidance and advice to the Organization, including: Reviewing the Statewide EMS protocols and Department-approved regional EMS protocols that are applicable to ensuring that its providers are familiar with the applicable protocols, performing medical audits, participating in and reviewing quality improvement and peer reviews of care provided, providing guidance with respect to the ordering, stocking and replacement of medications, and compliance with laws and regulations, making an initial assessment of each EMS provider to determine whether the provider has the knowledge and skills to competently perform the skills within the provider's scope of practice, and a commitment to adequately perform other relevant functions.
