EMPLOYMENT

SEPTA

DIRECTOR OF MAINTENANCE & CONSTRUCTION
PHILADELPHIA, PA

1994 – 2007 (RETIRED)

Managed a \$10M budget as well as the supervision of 140 employees. Responsible for the demolition and construction of new subway and light rail stations along with the maintenance of all the rail stations on the Market Frankford Line, the Broad Street Subway, Norristown High Speed Line, and the Media and Sharon Hill Rail Lines. Developed a technically skilled, efficient, well trained motivated work force through formal training programs. Accountable for improving conditions of the physical plant to provide a working environment which is conducive to high employee morale, maximum productivity and safety.

EXPERIENCE

SECOND ALARMER'S RESCUE SQUAD

DIRECTOR AT LARGE, BOARD OF DIRECTORS

2016 – PRESENT

Serving as an ambassador for the Organization lending advice and expertise to the leadership.

**ABINGTON TOWNSHIP BOARD OF
COMMISSIONERS**

COMMISSIONER

2002 – PRESENT

Constituent base of 2500 families that reside in the district. Abington Township is the second largest township in Montgomery County consisting of 56,000 residents. Expected to approve a \$50M budget consisting of both capital and operating expenditures. Approving many zoning and planning projects that affect our township, from shopping centers to housing developments. The legislative role is of primary importance because the actions taken in deciding the laws governing the township will affect not only the residents within the township, but also those outside the borders as well.

Currently the Chairman of the Public Works Department, overseeing major infrastructure work, as well as upgrades to township sewer plant. Also oversee the engineering department which is involved with constant flood control projects and related infrastructure repairs.
